

Demand FlashShield™ metallically shielded CSST for faster, better, safer installations.

Installing flexible gas piping systems in homes or businesses is serious business. So, demand the CSST that takes safety and performance seriously. FlashShield has been tested, re-tested and certified to exceed all industry standards. In fact, it's the only flexible gas piping out there to meet the LC1027 standard for lightning resistance.

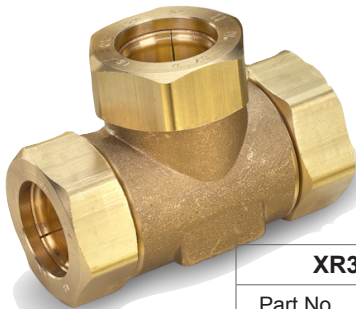

- The industry's only metallically shielded CSST.
- The only LC1027 certified CSST.
- Withstands nearly 95% of direct lightning strikes versus competitor's around 5%.
- XR3™ fitting provides shield-to-fitting continuity with metal mesh.
